

## **ENVIRONMENTAL POLICY**

We at J.G. Chemicals Pvt. Ltd. recognize and believe that protection of environment is one of our highest priorities and we commit ourselves to conduct all aspects of our business as responsible stewards of the environment. We shall integrate the principles and practices of conserving our resources and reducing pollution as essential elements of our management and organizational culture, through the use of a documented, maintained and continually improved Environmental Management System.

We shall identify, assess and manage environmental impacts.

We shall regularly monitor review and report publically our environmental performance.

We shall enhance awareness, skill and competence of our employees and contractors, so as to enable them to demonstrate their involvement, responsibility and accountability for environmental performance.

In achieving the above and considering the purpose and context of the organization, we shall be responsible for protecting the environment, complying with relevant legal requirements, and other requirements, and committing ourselves to continual improvement primarily in the following areas:

- Hazardous Material Reduction
- Climate Change Issues
- Energy Conservation
- Pollution Prevention
- Environmental Education among employees, suppliers and sub-contractors
- Encourage and enhance biodiversity and ecology

We shall set objectives/targets; develop, implement and maintain management standards and systems to ensure effectiveness of our environmental policy.
