

## **Sustainable Procurement Policy**

It is the policy of JGCPL to identify and manage the Environmental, Social and Economic impacts within its supply chain.

JGCPL seeks to reduce the environment impacts of its procurement process and also encourage its suppliers to adopt sustainable supply chain practices.

JGCPL shall engage with its supply chain partners and shall include the following considerations into procurement decisions:

- Encouraging suppliers to deliver products/services with minimal negative impact on environment and adopt safe practices in the cycle from production to delivery.
- Preferring products that are eco-friendly, energy efficient and less polluting,
- Disposing goods to authorized agencies in environmentally friendly manner.
- Procuring products and services that have a minimal negative impact on the environment
- Promote a safe and healthy workplace for the employees
- Comply with all applicable laws, in accordance with the principles of the International Labor Organization, the UN Global Compact and the UN Universal Declaration of Human Rights
- Prohibit slavery and the use of forced, bonded, or child labour across the supply chain
- Prohibit unlawful discrimination and harassment to provide a safe and inclusive work environment
- Procurement of recycled/part-recycled products to optimize resource consumption
- Procure energy efficient equipment by defining specifications in tender & contracts

JGCPL understands that procurement performance improvement is a continuous process and recognizes the contribution of its suppliers in the journey to become more sustainable.

This policy will be periodically reviewed to ensure that it continues to help in moving towards JGCPL's vision. The suppliers shall be encouraged to review this information and ensure that the principles and practices outlined in this policy will be reflected in their on-going business dealings with JGCPL.
